

FUTURE

Caratteristiche: bocchette con telaio a scomparsa e zona centrale estraibile, ad alette fisse o ad alette fisse e mobili con deflessione 0° o 15°. Disponibile la versione con schermo frontale pieno.

Costruzione: alluminio anodizzato.

Impiego: mandata e ripresa aria.

Fissaggio: installazione su supporto del telaio a mezzo di viti. Finitura con copertura del telaio e successivo montaggio della zona centrale.

Accessori:

- Plenum in acciaio zincato con o senza isolamento.
- Serranda di taratura con telaio in acciaio zincato, alette in alluminio a movimento contrapposto.
- Filtro in materassino di poliuretano spessore 6 mm efficienza G2 (solo per FUTURE 10, 15 e T).

Characteristics: fixed bar grille with concealed frame and removable central core, grilles with fixed blades or fixed and movable-blade with 0° or 15° deflection. Full front screen version available.

Finishing: anodized aluminium.

Utilization: supply and return air.

Fixing: installation on support of frame by means of screws. Finish with frame cover and subsequent assembly of the central area.

Accessories:

- Galvanized steel plenum box with or without insulation.
- Calibration damper with galvanized steel frame, aluminum blades with opposed movement.
- 6 mm thick polyurethane mattress filter, G2 efficiency (only for FUTURE 10, 15 e T).

MODELLI | MODELS

FUTURE T	Griglia con schermo frontale pieno. Telaio alluminio verniciato RAL 9016 opaco. Schermo frontale pieno rimuovibile in alluminio verniciato RAL 9016 opaco. Altezza installazione minima 2 metri da terra. Grille with front full screen. Frame in aluminum RAL 9016 matt painted. Removable front full screen in aluminum RAL 9016 matt painted. Minimum installation height 2 meter from the ground.
FUTURE10	Griglia a barre fisse con deflessione 0 °. Telaio in alluminio naturale e parte asportabile a barre fisse in alluminio anodizzato. Fixed bar grille with 0° deflection- Frame in natural aluminium and removable part with fixed bars in anodized aluminum.
FUTURE15	Griglia a barre fisse con deflessione 15 °. Telaio in alluminio naturale e parte asportabile a barre fisse in alluminio anodizzato. Fixed bar grille with 15° deflection. Frame in natural aluminium and removable part with fixed bars in anodized aluminum.
FUTURE20	Griglia a barre fisse con deflessione 0 °. Telaio in alluminio naturale e parte asportabile a barre fisse in alluminio anodizzato, con alette posteriori verticali regolabili. Fixed bar grille with 0° deflection- Frame in natural aluminium and removable part with fixed bars in anodized aluminum, with rear equaliser with adjustable vertical fins.
FUTURE25	Griglia a barre fisse con deflessione 15 °. Telaio in alluminio naturale e parte asportabile a barre fisse in alluminio anodizzato, con alette posteriori verticali regolabili. Fixed bar grille with 15° deflection. Frame in natural aluminium and removable part with fixed bars in anodized aluminum, with rear equaliser with adjustable vertical fins.
